The SARL Premier HF Contest in August

The second of the three SARL HF Contests, the HF Digital Contest, is on the air on Sunday 20 August from 13:00 to 16:30 UTC with RTTY and PSK31 activity on 20, 40 and 80 metres. See how many zones you can work per band and how many stations on all three bands. You can participate as a single operator single band station, a single operator all band station, a multi operator single band station or a multi operator all band station. Individual competitors and club stations are encouraged to compete. The exchange is a RSQ report and a consecutive serial number starting at 001.

There are two SARL trophies up for grabs in the Digital contest, but you stand a chance to win more trophies if you participate in all three contests. The rules are on page 34 of the 2017 SARL Blue Book, read the rules before the contest starts.

Logsheets must only be sent to zs4bfn@mweb.co.za

Results of the ZS2 Sprint

The Contest Committee received 13 logs for the ZS2 Sprint held on Sunday 23 July 2017. Unfortunately, after trying all week, I cannot get the points for the 5th to 13th places – no answer to my requests.

1st Mitch Rundle, ZS2DK - 109 points

2nd Hugo Ras, ZS2HR, 101 points

3rd Port Elizabeth ARS, ZS2PE - and Barry Nugent, ZS2NF - 74 points

5th Woody Collet, ZS3WL

6th Deon Fraser, ZS5DCF

7th Justin Furner, ZS5KT

8th Dylan MacDonald, ZS2MAC

9th Phillip van Tonder, ZS6PVT

10th Heather Holland, ZS5YH

11th Jo Snyders, ZS5PO

12th Romeo Nardini, ZS6ARQ
13th Jan Botha, ZS4JAN

Thank you to all who submitted logs and congratulations to Mitch!

Results of the SARL HF Phone Contest and the SARL YL Sprint

The closing date for logs for both contest has come and gone. The committee is busy working through the received logs (the MS Excel logs just check easier than ADIF and Cabrillo logs). The results will be published in HF Happenings 764.

3Y0Z Bouvet Press Release

(dated 6 August, by Ralph, K0IR, Bouvet Island DXpedition Co-leader)

The 3Y0Z team is extremely grateful to the Northern California DX Foundation for their \$100 000 contribution to our Bouvet Island DXpedition. We are honoured and privileged to receive the largest grant even given by NCDXF.

This contribution by the NCDXF mandates that we as a team and each of us as an individual, recognize the responsibility that accompanies the level of trust placed in us. It demands the best of us, being on Bouvet singly focused on the DX and amateur community worldwide - nothing else.

We as a team accept that responsibility. We pledge to do our best – nothing less. Our goal is to have your call in our log and get home safely – nothing more.

While we are light years from where we started this project, we still have work to do and financial challenges to meet to get us to Bouvet, give you those QSOs and get home again. We thank the NCDXF and all of you who have helped us financially and with your good wishes. You have moved us well down the path to Bouvet and we would be honoured by your continued support. Together we will make this happen.

Thank you.... The Bouvet Island DXpedition Team

Pirate Alert

Ernie, ZB2FK, reports that someone has been pirating ZB2A call sign which has been defunct for at least 40 years and is therefore not a valid Gibraltar call sign.

"DXNews.com" reports that JX2017A is a pirate station. Probably the same guy that operated with the JX2016A call sign before.

Parachute Mobile - Mission 28

Parachute Mobile is a unique combination of skydiving and ham radio. We conduct about 4 missions a year where skydivers make as many contacts as they can throughout Central California. Our next mission is 26 August 2017.

For this mission, we have added an HF 20 metre jump and are curious to see how well we do starting from 12 000 feet (3 657 metres) above Tracy, California. You can watch us live as we will stream all the action from the ground and from the air. APRS tracking as well. Get the details at parachutemobile.org. Mark, AF6IM making QSOs

New owner for Practical Wireless and RadioUser magazines

Roger Hall and Steve Hunt have made the following announcement on the PW Publishing website, "We are very pleased to announce that Practical Wireless and RadioUse magazines have been bought by Warners Group Publications, a Lincolnshire-based multi-million-pound turnover publishing company that specialises in producing magazines, websites and events for niche hobbies. They believe that both Practical Wireless and RadioUser are an ideal fit with their business and have assured us they plan to use their publishing expertise and size to help develop both titles, giving them an assured long-term future.

Both Steve and I are aware that we were only the most recent custodians of two historic titles, Practical Wireless dating from 1932 and the RadioUser with its roots in Short Wave Magazine from 1937. That is why, when we decided to retire after being in publishing for almost 40 years, first with IPC and then with PW Publishing, we felt it was important to find a reputable company with the expertise and resources to make sure they will continue to be published for many years to come. In Warners, we believe we have found just such a company and both PW and RU will continue to be the country's best-selling radio magazines.

Over the next few weeks we will be handing over all aspect of our business to Warners and they will be publishing both titles from the October issues onwards. The new Publisher will be Rob McDonnell (robm@warnersgroup.co.uk) and the new Group Advertising Manager will be Claire Ingram (clairem@warnersgroup.co.uk). Our existing Editors, Don Field and Georg Wiessala, will remain with their respective magazines. In addition, I will be staying on in a consultancy role to help with the transition and to assist Warners going forwards.

We'd both like to thank all of you for the support you've given us and the magazines in the past; it's been an interesting few decades. For the next three months, Webscribe will continue to administer subscriptions, to assure a seamless handover, and new contact details will be forthcoming in due course."
